THE JAPANESE STUDENTS' CHRISTIAN ASSOCIATION IN NORTH AMERICA

History

THE Japanese Students' Christian Association in North America, the dream of many a Japanese student in the past, was proposed at a meeting of Japanese delegates to the Student Volunteer Convention at Indianapolis in January, 1924. In the following June the national organization became a reality, and since then has made a record growth. The appointment of the Committee of Twenty at Indianapolis, the nation-wide discussion of the proposed plan, the organization of twenty-one Local Chapters all over the country from the Atlantic to the Pacific, the drafting and adoption of the national constitution, and the election of the national officers—these were the high spots in the historic movement. With the successful conclusion of the eastern and the middle western sectional conferences in June of that year and the Meeting of the Central Executive Board in September, the J. S. C. A. officially entered the first year of its activity. Since then three National Conventions were held: First at Evanston, Ill., in 1927, second at Detroit in 1928 and the third at Buffalo in 1931.

The association now enters the twelfth year of its activity.

Objects

THE objects of the J. S. C. A. are three-fold: (1) to unite all Japanese, especially Christian, students and to cultivate an organized effort; (2) to promote growth of Christian character and fellowship among its members and to spread the Christian way of life among

Japanese students in America; (3) to stimulate capacity for service and to render needed services for the general welfare of Japanese students in America.

Practical Aims

BOTH nationally and locally, the J. S. C. A. will attempt to relate Japanese students to Christian influences in reading, daily contact, and practical life. For this purpose, the Local Chapters will endeavor to emphasize personal evangelism, to conduct religious forums or discussion groups; to foster prayer circles and prayer life, to encourage attendance at student Christian conferences, to organize sectional conferences, and to encourage contact with Christian homes.

Through the cooperation of the Local Chapters and the Friendly Relations Committee, the J. S. C. A. will attempt to promote friendly relations both among Japanese students and between Japanese students and American friends, as well as students from other lands, to the end that Christian principle of brotherhood may prevail.

Organization

THE J. S. C. A. is simple in its organization and consists of the four following divisions:

(1) **Local Chapters.** The members in each locality are organized into a Local Chapter in order to promote locally the objects of the Association and to provide a program of service and spiritual training for its members.

(2) **Central Executive Board.** The Central Executive Board is composed of the national officers elected by members and the Gen-

eral Secretary. It supervises the national affairs and activities of the Association.

(3) **General Secretary.** The Secretary for Japanese Students of the Committee on Friendly Relations among Foreign Students serves the J. S. C. A. as its General Secretary to maintain a central office to execute the program of service, to visit Local Chapters and scattered members in the interest of the Association, and to supervise the publications of the Association.

(4) **Central Advisory Committee.** The Central Advisory Committee is composed of fifteen friends of the J. S. C. A. movement to give advice and moral encouragement in all activities of the Association.

Membership

(1) **Regular Membership.** Regular membership in the J. S. C. A. is limited to Japanese students who are in sympathy with the objects of the Association and who make declaration of the purpose to work for their realization.

(2) **Cooperative Membership.** Any person, not a student, either Japanese or American, who is interested in the work of the Association, may become a Cooperative Member.

The right to hold office, however, is restricted to regular members of the Association.

J. S. C. A. Branches in Japan

IN order to bring together ex-J. S. C. A. members and to carry out the J. S. C. A. purposes in Japan, two centers are maintained as follows:

(1) The **Kwanto Alumni Association** is located in Tokyo with a temporary office in the Tokyo City Y. M. C. A. The following constitute the committee in charge: Prof. Takuo Matsumoto, Aoyama Gakuin, Aoyama, Tokyo; Miss Taki Fujita, Tsuda Eigaku-Jiku, Tokyo; Prof. Ryoza Sawada, Kwanto Gakuin, Tokyo.

(2) The **Kwansai Alumni Association** is located in Osaka, Mr. Tatsuzo Yamagata, Osaka Y. M. C. A., Osaka, is the Secretary.

Students in Japan who wish to receive information concerning American education and college life are asked to communicate with any one of the above.

Program of Service

THE *Japanese Student Bulletin*. The *Bulletin* is published bi-monthly, during the academic year, from October to June inclusive, as the official organ of the J. S. C. A. It is edited by the Editorial Board under the chairmanship of the General Secretary, and is distributed free of charge to members.

The *Bulletin* contains general news of interest to Japanese students, J. S. C. A. news, student forum, condensed news from Japan, special short articles of an informational nature, book reviews, bibliography of current periodical literature on Japan and things Japanese, and editorial notes.

The Directory of Japanese Students in North America. *The Directory of Japanese Students* is published once a year and distributed also free of charge to the regular members and friends. It contains a complete list of Japanese students who are studying in the institutions of higher learning in North Amer-

ica. The twelfth annual edition is being distributed.

J. S. C. A. Pamphlets. With the hope of serving the needs of Japanese students in America, the J. S. C. A. has taken steps to publish a series of pamphlets, of which the following have already appeared:

(1) **"Second Generation Problem: Some Suggestions Toward Its Solution,"** being Series One, Number One. This is an attempt to formulate suggestions for definite plans toward the solution of the problem on the Pacific Coast, and to arouse public interest toward definite, practical works.

(2) **"Educational System in Japan,"** being Series One, Number Two. This is an attempt to correlate Japanese and American institutions of higher learning, thereby facilitating the entrance of Japanese students to American institutions.

(3) **"Educational Guide for Japanese Students in the United States,"** being Series One, Number Three. This is an attempt to explain the American educational system for the benefit of newcomers, especially by providing guides to institutions according to subjects of studies and also to technical and professional schools.

(4) **"Japanese Civilization: A Syllabus,"** being Series Two, Number One. This is an outline guide for the study of Japanese civilization with reference to useful books.

J. S. C. A. Research Library. A Circulating Library, containing both Japanese and English books, of lasting and current interest, has been started in the Central Office. The books will be rented out by the mere payment of postage fees.

Practical Services

WITH the cooperation of the Friendly Relations Committee, the J. S. C. A. renders practical services to Japanese students. The following brief summary may show the general nature of these practical services.

(1) **To Students Entering Schools.** The J. S. C. A. gives information and counsel concerning institutions, entrance requirements, courses of study, facilities for research work, expenses, living conditions, etc., to students in America or students coming from Japan by carefully conducted correspondence or through personal interviews. The J. S. C. A. will aid the graduates of colleges and universities in Japan by correlating Japanese and American Institutions and negotiating for entrance. The J. S. C. A. further helps them, through its nation-wide connections, by introducing them to the local Japanese groups and American friends. (Attention of students in Japan is called to the proposed J. S. C. A. branches in Japan already mentioned.)

(2) **To Students Returning to Japan.** The Traffic Department is always ready to help them secure railway and steamship reservations, visa, passports, send baggage or books, etc. It will be glad to notify the Japanese members of the Association staff at the port of arrival in Japan to meet the returning students and assist them in regard to their baggage, customs examination, hotel, etc.

(3) **To Students Going to Europe.** The J. S. C. A. is in touch with the national student organizations in nearly all European countries. It can supply letters of introduction which may result, on the one hand, in the saving of much trouble, and, on the other, in placing at their disposal friendly assistance not

otherwise easily obtainable. It will also furnish information concerning colleges and universities in Europe and the sailing of steamers to Europe and secure reservations.

(4) To Students Planning to Travel in America or Canada. The J. S. C. A. will assist them in making their itineraries and reservations. It will give letters of introduction to proper authorities and Japanese students and friends in various cities or colleges so that the travelling students will receive proper attention upon their arrival and necessary cooperation to attain their objects.

(5) To Students Wishing Mail Service. The J. S. C. A. will receive and forward mail anywhere. Students who are uncertain of their permanent address will find this service extremely useful. It can also help locate any Japanese student in an American college or university, or to communicate with persons in Japan.

(6) To Students Making Purchases. As far as possible, the J. S. C. A. will help them buy whatever they need, particularly books, at a considerable saving of money.

(7) To Students Looking for Lodging. The J. S. C. A. will reserve or help to secure proper lodging places for new students in New York City, or through the cooperation of Local Chapters, anywhere throughout the country.

(8) To Students Looking for Employment. As far as possible the J. S. C. A. will gladly help students find employment, either for practical experience or for financial aid. It is hoped that this important work will be further developed so that in the near future, definite connections can be established to help secure employment for students graduating

from colleges, not only in America, but also in Japan.

(9) **To Students Needing Counsel in Personal and Religious Problems.** The General Secretary will give his friendly aid to students in their personal, moral, and religious problems, or their adjustment to American life. The local leaders all over the country are always at the service of students in putting them in touch with the churches, best American homes, and friends.

(10) **To Friends Wishing to Get Speakers on Japan.** The J. S. C. A. will help furnish speakers for various occasions, selected from Japanese student groups in different parts of the country.

FRIENDLY RELATIONS COMMITTEE AMONG FOREIGN STUDENTS

THE J. S. C. A. is at present affiliated with the Committee on Friendly Relations Among Foreign Students, whose Secretary for Japanese Students serves the former as its General Secretary. In fact, the J. S. C. A. owes its existence mainly to the encouragement and co-operation given to the Japanese student Christian movement by the Friendly Relations Committee.

The Friendly Relations Committee was organized in 1911 by Dr. John R. Mott and a little group of far-seeing men in New York City, and ever since has been a part of the International Committee of the Young Men's Christian Association. It maintains its headquarters and offices at 347 Madison Avenue, New York City, and its divers works are directed and conducted by a staff of seven secretaries, including several national secretaries.

Mr. Charles D. Hurrey is (has been since 1915) the General Secretary. In the Japanese division of the Committee, Mr. Masatane Mitani is Secretary for Japanese students.

The aim of the Friendly Relations Committee is the development of Christian character among foreign students. Together with this fundamental aim, the Committee hopes to render innumerable other services toward the welfare of students from other lands. Its services and facilities are available, free of charge to students and professors from every land, without distinction of race, color, or religious profession. The Committee is interdenominational and international in its membership and spirit; it seems to meet the student's immediate needs and to cooperate with him in realizing his highest aspirations. It recognizes the need of friendly mediators between the foreign students and the people and institutions of America. It is the Committee's sincere desire that the student shall get what he has come for and that, returning, he shall entertain feelings of affection for America and that he will devote his energies to the promotion of international friendship and goodwill.

OFFICERS OF THE J. S. C. A.

THE CENTRAL EXECUTIVE BOARD

1935-1936

President, A. Saburo Akamatsu, Union Theological Seminary.

First Vice President, Fumitaka Konoye, Princeton University.

Second Vice President, Miss Yuriko Lily Mizuno, University of British Columbia.

Treasurer, Tatuo Ono, Columbia University, New York University.

KEY TO DIRECTORY

The Directory is arranged alphabetically by states and by colleges in each state. The places wherein the colleges are located are indicated in parentheses after each college. The names of the students are also alphabetically arranged by college. The index at the end of the Directory will take the place of the alphabetical list of all Japanese students.

Each name, if complete, should contain the following information: Family name and given name; class and major course in parenthesis; college address; birth place in parenthesis.

The Directory contains the names of students who were born in Hawaii and on the mainland of America, and other countries, although they are citizens of the United States of America. This is done for the sake of convenience; it has no political significance whatever.

MEMORANDUM

Technical and Scientific Encyclopædia

Edited by

C. F. TWENEY and I. P. SHIRSHOV

Here in four volumes is a work which should prove invaluable to the technician and the scientist in every field—physics, chemistry, engineering, industry, etc.; and as a reference work for the layman who is interested in scientific and technical matters. This "Encyclopædia" is characterized by the specificness with which it gives information in workable form. The diagrams are clear and understandable; the information is condensed and exact; the bibliography is fully informative.

The scope of this work covers the terms, processes and data used in every branch of pure and applied science; construction and engineering; the principal manufacturing industries and the skilled trades.

The "Encyclopædia" contains thousands of diagrams and plates and a working bibliography of three thousand books and sources of information.

Illustrated. In four volumes. Cloth, 4to. \$25.00
